INNERVE

NERVE TO INNOVATE

PUNE'S BIGGEST HACKATHON

WHAT MAKES AIT DIFFERENT?

Army Institute of Technology is an engineering college located in Pune, Maharashtra, India. It is affiliated to the University of Pune. Only wards of army personnel are allowed admission. AIT is operated by the Army Welfare Education Society (AWES) and has the Chief of Army Staff of the Indian Army (COAS), as the president of its board of governors. Army Institute of Technology was ranked **88** among engineering colleges by the **National Institutional Ranking Framework (NIRF)** in 2018.With the best cream of Army Wards, Army Institute of Technology boasts of its discipline, organization and team spirit. The college organize its own fests and events throughout the year and make sure every event is a benchmark in itself. The college has been accredited **Grade A by NBA** and NAAC. This prestigious college has already produced a lot of sparking minds who are now contributing at respectable posts at different firms. It truly justifies its motto **"ONWARD TO GLORY"**.

WHAT IS
INNERVE ?

Started in 2016, INNERVE is the annual Hackathon of Army Institute of Technology, Pune. The Hackathon witnesses a great number of ideas every year with students participating from colleges in Pune and outside Pune as well. INNERVE is a renowned Hackathon, popular in all the major colleges of the city. The event is of three days comprising the idea pitching round, followed by 24 Hours coding session and the event ends with prize distribution. Innerve has been sponsored by a lot of startups, education groups, and individuals.

The main objective of the event is to develop problem solving skills and entreprenural spirit among the students of the college. The event is not just for coding community of the colleges, it also boasts of other mini events under the flagship, which are focused on idea presentation (Graphica) etc. Over the past three years InNerve is ever growing with more number of students participating every year.
